No specific product	CASB/DLP	CASB	/ DLP Proofpoint
(Cyber security		1. De	efinitions
services)		In this s	ection:
		(a) CASB means Cloud App Security Broker;
		(b) DLP means Data Loss Prevention;
		(c) Licence(s) means the licence metric (e.g., type and quantity) referenced in this Proposal;
		(d	 Personal Data means data which is 'personal information', as that term is defined in the Privacy and Data Protection Act 2014 (Vic);
		(e) Proofpoint means Proofpoint, Inc.;
		(f)	Proofpoint Product(s) means the appliances, services or software licensed and/or purchased by the Customer under this Proposal and includes CASB and DLP; and
		(g) Threat Analytics means information collected, generated and/or analysed by the Proofpoint Products, such as log files, statistics, aggregated data and derivatives thereof.
		2. Li	cence Count
		(a) The Customer must monitor its actual usage of the subscription- based Proofpoint Products based on the Licences and must promptly inform Cenitex of the actual Licence count (" Licence Count "):
			 (1) if there is an increase in the Licence Count equal (or greater) than ten percent (10%) of the then current licensed Licence Count; or
			(2) on request from Cenitex.
		(b) Cenitex may also at any time provide a Licence Count to the Customer for verification by the Customer.
		3. Us	se of Proofpoint Products
		(a) The Customer's right to use the Proofpoint Products is limited to the maximum numbers of Licences, the deployment type

	(Appliance, Software or SaaS) for each module and any other limitations specified in this Proposal (including in this section).
(b)	The Customer must not:
	 (1) resell, sublicense, lease or otherwise make a Proofpoint Product available to any third party (except to subcontractors and subject to the rights set out in this clause 3;
	 (2) attempt to gain unauthorised access to, or disrupt the integrity or performance of, the Proofpoint Products or the data contained therein (including, but not limited to, penetration testing of Proofpoint's systems);
	(3) modify, copy, or create derivative works based on the Proofpoint Products;
	 (4) decompile, disassemble, reverse engineer or otherwise attempt to derive source code from the Proofpoint Products (in whole or part); or
	(5) access a Proofpoint Product for the purpose of building a competitive product or service or copying its features or user interface.
4. Prov	vision of data
Proofpoint certain cor	mer acknowledges and agrees that, in accessing or using the Products, it is giving Proofpoint the right to collect and process nfidential information, Customer data and Personal Data from the for the following purposes:
(a)	abuse and threat awareness, detection and prevention;
(b)	compliance; and
(c)	security.
5. Thre	eat Analytics
Analytics f	mer acknowledges and agrees that Proofpoint may collect Threat from the Customer, and may use the Threat Analytics to maintain, nd enhance Proofpoint services.

6. Hosting
The Customer acknowledges and agrees that Proofpoint Products will be
hosted in Proofpoint's data centre in the Netherlands.
